Peter Benjamin Parker

Friendly Neighborhood Web Developer & Crime-Fighting Specialist

New York, NY (Queens) | peter.parker@dailybugle.com | spidey-portfolio.dev | linkedin.com/in/your-friendly-spiderman

Professional Summary

Results-driven vigilante and freelance photographer with 8+ years of experience in rapid response, urban crisis management, and web-based solutions. Proven ability to balance high-pressure rescue operations with academic deadlines. Passionate about community safety, scalable web-slinging, and keeping the city's uptime at 99.9%.

Core Skills

- **Physical:** Wall-crawling, acrobatics, super strength, rapid reflexes
- **Technical:** Web-shooter engineering, chemistry, physics, circuit design, basic coding
- **Soft Skills:** Quick wit, crisis communication, teamwork, time management (limited)
- **Special:** Spider-Sense (advanced threat detection, zero latency)

Work Experience

Freelance Photographer | *The Daily Bugle* | 2016 – Present

- Captured exclusive, high-impact photos of New York's most newsworthy events
- Delivered consistent results despite an unsupportive manager
- Maintained a 100% on-site presence at major incidents (by necessity)

Friendly Neighborhood Superhero | *Self-Employed* | 2015 – Present

- Responded to 1,000+ emergencies, including robberies, fires, and city-wide threats
- Reduced neighborhood crime rate significantly through proactive patrolling
- Collaborated with the Avengers on global-scale missions
- Designed and maintained custom web-shooter technology

Intern | *Stark Industries* | 2017 – 2018

- Tested and operated advanced tech suits under the mentorship of Tony Stark

- Contributed to cross-team collaboration in high-stakes environments

Education

Bachelor of Science in Biochemistry | *Empire State University* | In Progress

- Relevant coursework: Organic Chemistry, Applied Physics, Genetics
- Dean's List (when not saving the city)

High School Diploma | *Midtown School of Science & Technology*

- Science Decathlon Team Member

Projects

- **Web-Shooter v3.0:** Designed a wrist-mounted, fluid-dispensing device with adjustable tension and range
- **Spider-Tracker System:** Built a miniature tracking device for real-time target monitoring
- **Community Watch Initiative:** Informally organized neighborhood safety awareness

Achievements

- Saved New York City (multiple times)
- Defeated several high-profile threats, including Doc Ock, Green Goblin, and Vulture
- Earned the trust and respect of the community

Hobbies

Photography, science experiments, swinging between buildings, pizza
